Stephen, the attached Transmittal Memo for Regional Haze just came in from the program. The FRNs usually go directly to Ken for an electronic certificate signature, using the Air sharepoint concurrence system. As this is a memo, Air routed it electronically through David, and sent it to us via email. I'll ask them to include you net time in the email up. Wanted to give you a heads up before sending to David to give to Ken.

Erin

Subject: Texas Regional Haze BART FIP Final FRN Concurrence - Transmittal Memo Signature by RA

Good afternoon,

Please see attached the Texas Regional Haze BART FIP Final FRN concurrence package, which contains the Federal Register Notice (FRN) and the Transmittal Memo to Headquarters (Office of Air and Radiation). The action information sheet and workflow/concurrence history is also attached for your reference. The TX RH BART FIP Final FRN requires the Administrator's signature, and the concurrence package will be transmitted to Headquarters once the RA concurs on the package and signs the Transmittal Memo.

The deadline for RA signature on the Transmittal Memo is June 12, but we have been informed that the RA may be able to sign today, June 11.

Please contact me if you have any questions.

Thank you.
